

Same great product. Great new look.

The Protec and heavy duty Barrier range of products will gradually shift over the next year, towards an updated and improved label format.

Easy to identify, easy to use.

You will now see these easy-to-read icons on the new labels, a great quick reference guide on how to use the same great product.

Refer to the Technical Data Sheets and MSDS on the LIC Website for more product data and safety information. www.ppglic.com.au
